

# Challenge Ladder

---

A player can only challenge one line above his/her current line. The match must be agreed upon. Format of the challenge is preferred to be 2 out of 3 six- game sets no-ad scoring, but if both agree to an 8-game proset or 2 out of 3 four- game sets these will be allowed. If the challenger is successful in defeat their opponent then the two players exchange positions, otherwise no change is made. Whether or not the challenger is successful the scores must be reported to the coaches. Any challenge for a varsity position must have prior approval of the coaches.
